

User Story

1. As a user, I want to search for products through the search bar, for convenience and to save time when searching.
2. As a user, I want to change the localization of the site so that it is in the Ukrainian language for convenience and better understanding.
3. As a registered user, I would like the "Personal Account" button to be located at the top of the site to have quick and convenient access to my account.
4. As a user, I want to have a button to go from the site to the company's Instagram page, to go immediately to the desired account and start tracking it on the social network in which I spend the most time.
5. As a buyer, I want to see all the products I have added to the cart on one page so that it is more convenient to evaluate and consider my future purchase.
6. As a seller, I want the "Add product" button to be located at the top of the site to have quick and convenient access to replenish my product range.
7. As a user, I want to see dozens of products on one page, so that it is convenient and faster to view all product positions.
8. As a user, I want to see a note about the availability of the product, so that I can understand whether I can immediately place an order for this product.
9. As a user, I want to see the number of unread personal messages at the top of the site so that I don't have to go to the messages section to check for new messages.
10. As a seller, I want to see a mark about a new order on the main page to quickly respond to it.

Requirements

1. The product search bar should be located in the middle at the top of the site.
2. The site must have Ukrainian and Russian localization.
3. The "Personal account" button should be at the far right of the site header.
4. Buttons: Facebook, Twitter, Instagram, and Pinterest should be located in the lower-left corner of the website page.
5. In the basket, all products must be displayed in one list on one page.
6. The "Add product" button is orange and is located on the right in the site header
7. Products are displayed in a grid of 36 pieces per page.
8. One of the marks must be on the product page: In stock; Out of stock; To order (number of days).
9. The "Message" button is located on the right in the site header after the "Add product" button. The "Messages" button should display the number of unread personal messages.
10. The number of new orders should be displayed on the "Personal account" button.
